

Dr Pete Stebbins, PhD

Workplace Psychologist & Executive Coach

0408 107 586 drpetestebbins@gmail.com

PROFESSIONAL PROFILE

Dr Pete Stebbins, PhD is a Workplace Psychologist and Executive Coach with extensive experience in the government, education and health sectors. Previously Pete worked as a clinical psychologist before becoming the CEO of a successful start-up. Pete now works in executive coaching, leadership team development and organisational change. He is the author of several books including the best seller: 'iTeams: Why High Performance Teams Fit In AND Stand Out!'

Pete has many years of research and professional practice behind him and leads the Leading Flourishing Schools Program & the High Performance Teams Program in Hospital & Health Services (HHS). His work in this space has reached 16 Countries, impacting more than 600 organisations, and over 5,500 leaders and their staff.

Pete is a keen surfer, devoted dad and outdoor enthusiast living on the Gold Coast in Queensland, Australia. Pete's professional passions are solving complex organisational problems, developing high performance teams and building high-capacity workplace culture.
